Dear Parents/Guardians,

Most importantly, we hope everyone in our Leeds community is staying healthy and safe during these turbulent times. We sincerely hope that soon we'll be able to overcome these difficulties as a nation.

If we turn our attention towards our school activities, Leeds has taken many actions to ensure our students stay active during this forced break. We finished uploading all the holiday assignments of Pack 01 and Pack 02 with other online activities for the moment, which was made available via our web site (www.leeds.lk) and Educal (School Communication app). Our A/L students are being taught through Google Classroom. Furthermore we are currently planning some more online activities to keep our kids engaged.

Currently our academic and technical staffs are working hand in hand on multiple projects to plan and prepare for the times ahead. We assure you that our team is working hard to keep up with the challenges of "e learning" during this unprecedented times to give utmost for our students.
