

22nd May 2020

Dear parents,

We genuinely understand that this is indeed a difficult period that we all are going through due to the prevailing global pandemic. Yet to all of us our kids education is a key priority.

Hence, since the day the schools closed LEEDS team had been busy with many arrangements to continue with our kids' education in the best possible manner.

To date, with the leadership of our Chairman, we came up with several distance learning methods such as holiday assignments pack 1 and 2, PowerPoint presentations and videos to commence 3rd Mid Term studies and Google Classroom lessons for A Level students. To conclude 2nd Term work the examinations were held since last week and paper discussions will begin via recorded videos and virtual sessions (few grades).

We are happy to inform you that the School Management has taken all necessary actions to conduct the 3rd Term work too, via YouTube videos coupled with Microsoft Team discussions starting from 1st June onwards, soon after the paper discussions conclude.

The school has taken almost all feasible actions to fulfill the basic educational needs of each and every student at Leeds.

We all are working hard to make the schools even better places for your kids to return to and as much as we would like to teach our dear sons and daughters face to face in person, we are all compelled to adjust to the available prospects in ensuring that our kids stay engaged and happy during this time.

We sincerely thank all parents who have appreciated the efforts made by the school and for the payment of 3rd term fees by today. Understanding the many difficulties that most of our parents maybe going through, the Chairman has declared a 15% term fee reduction for all parents paying before 1st June 2020. For all parents who did the full payment, 15% of current term fee payment will be deducted from your AY 2020/2021 1st Term fee.

All parents who still struggle are requested to pay 50% of the term fee and WhatsApp the deposit receipt and a request letter before 1st June 2020 for an installment scheme (25% by 1st July and 25% by 1st August) for the balance fee payment (WhatsApp Number – 0777 879417).

Please note that the school has not received any 4% loans from the government and therefore to look after our staff and to continue with the invaluable service we extend to all Leedians, the schools is completely dependent on the fees paid by our parents.

We thank the support you have extended to us to date and look forward to working together with you for the betterment of our kids.

Thank You.

Deshamanya Dr. Sarath Jayatissa
